Day 3: Monday (2nd day after race)	BergerPearls No.1 Approx. 3 grams per pigeon.	VitalDrink 5 ml VitalDrink per liter of water to support liver function and eliminate toxins.
Day 4: Tuesday (3rd day after race)	BergerPearls No.1 Approx. 3 grams per pigeon.	VitalDrink + CarniBoost 5 ml VitalDrink + 5 ml CarniBoost (L-Carnitine) per liter of water for fat metabolism activation.
Day 5: Wednesday (4th day after race)	BergerPearls No.1 Approx. 3 grams per pigeon.	VitalDrink + CarniBoost 5 ml VitalDrink + 5 ml CarniBoost (L-Carnitine) per liter of water to build up muscle power.
Day 6: Thursday (5th day after race)	BergerPearls No.1 Approx. 3 grams per pigeon.	CarniBoost 5 ml CarniBoost (L-Carnitine) per liter of water for maximum energy storage before basketing.

FEED & SUPPLEMENTS

DRINKING WATER & PRODUCTS

Day 7: Friday
(Basketing Day)

BergerPearls No.1

Approx. 3 grams per pigeon.

CarniBoost

5 ml CarniBoost (L-Carnitine) per liter of water to fully top up the energy reserves.

Tip from the Pigeon Boss: As an alternative to separate feeding, BergerPearls No.1 can also be mixed directly into the racing feed at around 10%. Make sure all pigeons come to the trough at the same time so that the intake is perfectly even!

THE POWERHOUSES EXPLAINED

BERGERPEARLS NO.1 (DAILY 3-4G PER PIGEON)

This is the absolute engine of the system. These pearls deliver the essential daily nutrients and active ingredients that keep the immune system, the gut, and overall vitality at a constantly high level. The result? Superior natural resistance and lightning fast condition building.

RECOVERAMIN FORTE (RETURN & SUNDAY - 5 ML/L)

Immediately after the race, muscles and metabolism require quick building blocks. This targeted blend of premium amino acids ensures that pigeons recover in no time and are ready for the next training week.

SYMBIOTIC (RETURN & SUNDAY - 5 G/L)

A healthy pigeon wins with its gut! SymBiotic actively supports and restores a robust and resistant gut microbiome directly after the stress of travel and crate stay.

VITALDRINK (MONDAY TO WEDNESDAY - 5 ML/L)

Optimal support for liver function and active metabolism. It helps quickly break down waste products accumulated after heavy exertion and functions as a powerful antioxidant.

CARNIBOOST / L-CARNITINE (WEDNESDAY TO FRIDAY - 5 ML/L)

The ultimate booster for performance metabolism. L-carnitine ensures superior fat burning and energy utilization, which is indispensable for long flights or strong headwinds.
